Juniors: complete 6 activities, including 4 starred (*)
Studio 2B Cadette/Senior Girl Scouts: complete 8 activities, including 5 starred (*)

- * 1. Practice folding an American flag. Teach others how to fold the flag.
- 2. For a community service project, perform a flag ceremony for an organization outside of Girl Scouting.
(i.e. - PTA, American Legion, community event, etc.)
- 3. Attend a flag ceremony performed by another group (someone other than the Girl Scouts if possible). Discuss what was the same. What was different? How can you use the new things you have learned?
- * 4. Find out the following about the American flag. Using any medium (crayons, markers, construction paper, paint, etc.), create an accurate replica of the United States flag of today.
 - ▶ What do the red, white and blue colors stand for?
 - ▶ What do the 13 stripes represent?
 - ▶ What do the stars represent, how many are there, and when are they added to the union of the flag?
- 5. Write a poem about the flag. What does it mean to you? Ask those close to you (your family or friends) what it means to them. **** OR **** Make something to show your patriotic spirit. This may be a decoration, craft, piece of jewelry, hair barrette, pin, or other item. Wear or display your item proudly!
- 6. Design a troop flag. Have each troop member contribute an idea for the design and/or bring something to use in making the flag. Share your finished flag with another group and explain why you chose the colors and symbols you used.
- * 7. From 1795 to 1818, there was something very different about the American flag. Find out what it was and why it was changed. Then answer/complete the following:
 - If Congress had continued with it's original idea, how many stars and stripes would the flag have? Using two pieces of paper that are the same size, draw a picture of a flag with that many stars and stripes and then a picture of the flag with the 13 stripes it has today. Compare the two drawings.
 - If each stripe was 1 inch wide, how big would the flag be if Congress had continued with it's original idea? Find an area large enough to stake out the dimensions and compare it to a flag with 13 stripes.
 - Why do you think the Congress changed its mind?
